

VIRTUAL CAMPUS

A SMARTER WAY TO LEARN & CONNECT

Many organisations struggle with fragmented training, low engagement, and scattered content across multiple platforms. Virtual Campus solves this by providing a central, interactive hub for learning, collaboration, and communication - fully integrated with your existing systems.

Key Benefits

- ✓ **One central platform** - Seamlessly connects with LMS, SharePoint, video platforms, and data tools.
- ✓ **Engaging & interactive** - 3D environments, gamification, and immersive content boost motivation.
- ✓ **Live & on-demand access** - Learn anytime, anywhere.
- ✓ **Measurable impact** - Track progress, engagement, and learning outcomes

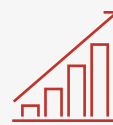

One central platform

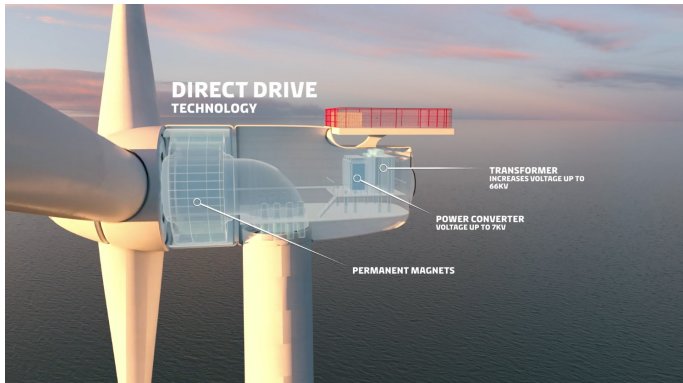

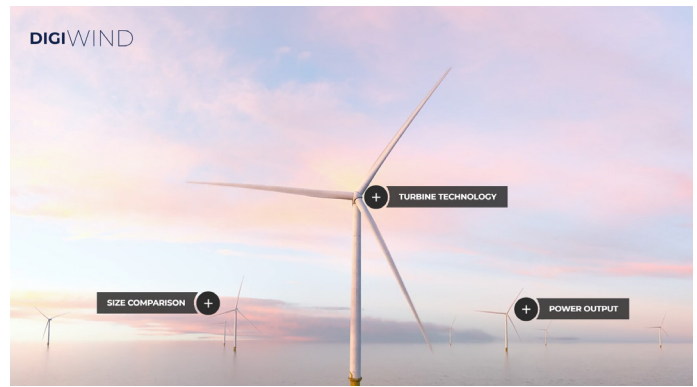

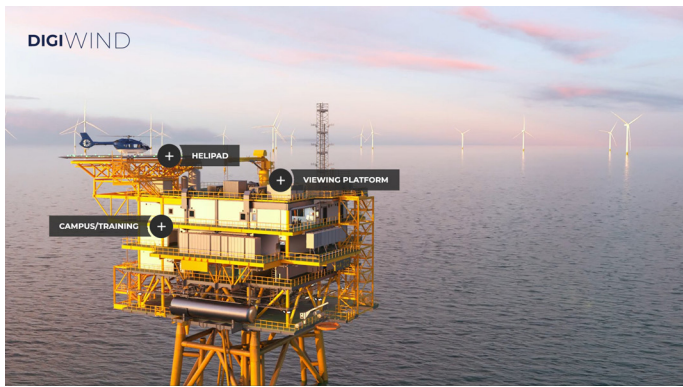

Engaging & interactive

Live & on-demand

Measurable impact

Proven Engagement & Impact

- ✓ 110,000 modules completed - A leading wind industry player saw outstanding participation:
 - 8,000 learners actively engaged
 - 90% pass rate
 - 2,000 voluntary participants
 - learning by choice, not obligation

Learning that Motivates

- ✓ A pharmaceutical client expected 1,000 learners but saw 8,000 completions across the organisation. The majority joined purely out of interest.

Is Virtual Campus right for you?

- Do employees struggle to find or engage with training?
- Is your learning content scattered across multiple systems?
- Would a centralised, interactive platform improve engagement and results?
- If so, let's talk. Virtual Campus makes learning smarter, simpler, and more effective.
